

## CRIME LABORATORY JOB FAMILY

### CAREER PATH

#### **Forensic Laboratory Technical Leader**

This is a responsible position for which the employee is accountable for the quality assurance program for their assigned discipline in all applicable laboratories in the system. The Technical Leader ensures the discipline operation, manuals, instruction, and forms conform to International Organization of Standardization (ISO)/International Electrotechnical Commission (IEC) 17025, ANSI National Accreditation Board (ANAB) accreditation, and Quality Management System (QMS) requirements. An employee assigned to the DNA discipline will ensure the discipline operation, manuals, instructions, and forms conform to the Federal Bureau of Investigation's (FBI) Quality Assurance Standards (QAS). Work is performed with considerable independence within the framework; however, the employee is expected to adhere to established policies and operating procedures. General supervision is received from the immediate supervisor.

#### **Knowledge, Skills, and Abilities**

In addition to those identified in the previous levels within this career path:

Thorough and comprehensive knowledge of and the ability to demonstrate understanding and successful interpretation, explanation, and application of all assigned areas of the crime laboratory, as well as the laws, principles, and practices as they are related to implementation within the agency.

Thorough and comprehensive knowledge of and the ability to demonstrate understanding and successful interpretation, explanation, and application of the agency's policies, procedures, rules, and regulations in the performance of duties.

Comprehensive working knowledge of and the ability to demonstrate successful use of computer equipment and associated software/databases in the performance of duties.

Comprehensive working knowledge of and the ability to demonstrate successful operation and use of designated crime laboratory equipment and associated software systems in the performance of duties.

Comprehensive working knowledge of and the ability to demonstrate understanding and successful use of the principles and practices of project management techniques in the performance of duties.
