

IT PROJECT MANAGEMENT JOB FAMILY

CAREER PATH

Project Manager Director

This is a managerial level position accountable for managing projects which are highly complex in nature and have a statewide enterprise impact. The projects managed at this level are the largest in terms of size, scope, complexity, and impact on the state. This position typically has a project portfolio in excess of \$15 million and projects are multi-year and multi-faceted. This position is responsible for project planning, overseeing activities of the project team, and identifying appropriate resources needed. This position develops project plans, timelines, and accountabilities and must be familiar with project scope and objectives as well as the role of each team member and/or sub project managers. The Project Manager Director is accountable for developing project deliverables and measuring project outcomes. There is frequent interaction with both business owners and managers in other IT functions. This position often manages lower-level project managers and is responsible for assisting the Chief Information Officer (CIO) with strategic planning and direction.

Knowledge, Skills, and Abilities

In addition to those identified in the previous levels within this career path:

Comprehensive working knowledge of and the ability to demonstrate successful use of computer equipment and associated software/databases in the performance of duties.

Comprehensive working knowledge of and the ability to demonstrate understanding of all assigned areas of IT project management, as well as the laws, principles, and practices as they are related to implementation within the agency.

Comprehensive working knowledge of and the ability to demonstrate understanding and successful interpretation, explanation, and application of the principles and practices of supervisory and management techniques in the performance of duties.

Comprehensive working knowledge of and the ability to demonstrate understanding of the agency's policies, procedures, rules, and regulations in the performance of duties.

Comprehensive working knowledge of and the ability to demonstrate understanding and successful use of the principles and practices of project management techniques in the performance of duties.
